

Flyer
Pens!  com

Artwork

Artwork

We have the following artwork requirements for barrel and flyer printing:

Barrel

Please send the artwork in one of the following formats: PSD, EPS, BMP, TIF or JPEG.

Flyer

Please note! The flyer size and margins for design. The artwork should be designed for the front and backside of the flyer.

Flyer size: 6,8 x 18cm

Margin top and bottom: 0,5cm

Margin left and right: 1,0 cm

The areas with the margin are only for the background.

Area A (14,5 X 5,8cm): This area is available for the design

Area B (1,5 X 5,8): For transparent pens we advise to use this part for your logo. This area will be visible when the flyer is inside the pen.

For non-transparent pens this part can be used for general design.

Formats

Please send the artwork in the following formats: EPS, PSD or certified PDF (300 dpi)

EXAMPLE ARTWORK

Frontside

The front of the box features a blue background on the left with the text "WIRELESS-N" in white and green. The central image shows a young boy and a woman smiling, with a Linksys router in the foreground. On the right, there is a "Wireless-N" logo with the tagline "The Speed of Life" and "DRAFT 802.11n Version 1.0". Below the image, the text reads "Wireless-N: The Freedom to Do It All!" and "Internet, Voice, Entertainment - All at once. Anywhere." The right side of the box has the "LINKSYS" logo and "A Division of Cisco Systems, Inc." in white on a blue background.

Backside

The back of the box has a green header with the text "What you need to buy" in white and the "LINKSYS" logo. Below the header, there are two main sections:

- 1. Gateway or Router?**
 - If you have a DSL Modem: Wireless-N Broadband Router WRT300N
 - If you have just your Internet Access: Wireless-N ADSL Modem Router WAG300N
- 2. A Wireless-N Adapter for each computer**
 - A Notebook Adapter** For Notebook Computers: Wireless-N Notebook Adapter WPC300N
 - A PCI Adapter** For Desktop Computers: Wireless-N PCI Adapter WMP300N

A note states: "NOTE: Many Notebook PCs have built-in Wireless, but for best results with Wireless-N, check a Wireless-N PC card." The website "www.linksys.com" is listed at the bottom right.

Result

The artwork can be send to:

- our e-mail address: info@flyerpens.com

- our P.O. Box on CD-Rom to: Flyerpens.com
